1. Fold both scored card base pieces and set aside.
2. Die cut 2 flower & leaf clusters from the designer paper using the die from the Delicate Whispers bundle.
3. Die cut leafy branches using the matching dies from the bundle, in **Mossy Meadow**.
4. Die cut the two branches from any shade of brown or bronze.

5. Arrange the die cut leafy branches as desired and adhere them to one of the **Basic White** panels.
6. Adhere the die cut flowers on top of the leaves, using a dimensional to pop one of them up on the very top as shown.
7. Stamp your sentiment of choice to the lower right side of the white panel. (In my example I used the “Happy Birthday” from the Rolling Waves bundle)
